Sir,

Applicant finds a mistake in the letter sent by PTO on Sept/21/2006 showing that "the period for reply expires 3 months from the mailing data of the final rejection". In fact, the applicant's reply does not expire since the reply was filed on Aug/18/2006 by USPO express mail and expiration date is Aug/19/2006 (three months from the date May. 19, 2006 that Office Action mailed. Applicant requests that the examiner withdraw this action.

Sincerely,

Hai Jiang
